**No. 37] NEW DELHI, THURSDAY, JUNE 15, 1950**

---

**MINISTRY OF COMMERCE****PUBLIC NOTICES****IMPORT TRADE CONTROL***New Delhi, the 15th June, 1950*

**SUBJECT.**—*Licensing of Motor Vehicles falling under S No. 291, 292 and 296 of Part IV for the period July-December, 1950, and advance licensing for the period January-June, 1951.*

**No. 28-ITC/(P N)/50**—The attention of Importers is invited to the remarks contained in Appendix 'B' to Public Notice No. 14 ITC (P.N.)/50 dated the 15th June, 1950 against S No 291, 292 and 296 of Part IV of the Import Trade Control Schedule.

2. It has been decided that licences should be granted for import of Motor Cars, Motor Vans, trucks and lorries only in Completely Knocked Down condition. No licences will ordinarily be granted for built-up cars or trucks excepting for certain specialised requirements of State Governments etc. or for cars imported as personal baggage. In the case of Motor Cars the licences will be valid to cover Vehicles not exceeding Rs. 5,000 in c.i.f. value imported from the Soft Currency Area and Rs. 7,200 in c.i.f. value imported from the Dollar Area.

3. Allocations for July-December, 1950 have been made to the known assemblers of cars and trucks both from the Dollar area and Soft currency area and licences will be issued to the following known assemblers. These firms should, therefore, make an application in the prescribed form and submit it alongwith requisite treasury challan for licence fee:—

- (1) Messrs. Hindustan Motors Ltd, Calcutta.
- (2) Messrs. Premier Automobiles Ltd., Bombay.
- (3) Messrs. Automobile Products of India Ltd., Bombay.
- (4) Messrs. Ashok Motors Ltd., Madras.
- (5) Messrs. Standard Motor Products of India Ltd, Madras.
- (6) Messrs. General Motors Ltd., Bombay.
- (7) Messrs. Ford Motors Ltd, Bombay.
- (8) Messrs. Peninsular Motor Corporation Ltd, Calcutta.
- (9) Messrs. Mahindra & Mahindra Ltd., Bombay
- (10) Messrs. French Motor Car Co., Bombay.
- (11) Messrs. Devar's Garage & Engineering Works, Calcutta.

4. If there are any other assemblers who can assemble cars and trucks in Completely Knocked Down condition and have imported them in the past, they may submit their applications in the prescribed form and manner.

5. Licences for the period January-June, 1951 will also issue in advance under the long term licensing scheme to the firms numbered (1), (2), (3), (4) and (5) in paragraph 3 above for the following articles—

- (i) Trucks from the Dollar Area
- (ii) Trucks from the Soft Currency area.
- (iii) Cars from the Soft Currency area.

and applications should be made in that behalf by the firms concerned forthwith. Except as provided in this paragraph, however, no licences will issue for any of the articles mentioned in paragraph 1 above in accordance with the Long Term Licensing Scheme, and further licences for the period January-June, 1951 can only be issued when the general licensing policy for that period is finally announced.

6 Applications for July-December, 1950 for import of built-up cars against orders of any State Governments should be submitted through the State Government concerned.

**SUBJECT.**—*Import of Arms and Ammunition covered by Serial Nos 311, 312, 313, 314, 315, 316 and 317, Part IV of Import Trade Control Schedule for July-December, 1950.*

**No. 29/ITO P.N./50.**—The attention of importers is invited to the remarks appearing under column 25 against Serial Numbers 311, 312, 313, 314, 315, 316 and 317 of Part IV of the Import Trade Control Schedule incorporated under Appendix B to this Ministry's Public Notice No. 14-I.T.C./P.N./50, dated the 15th June, 1950. It has been decided that no licences will be granted for the import of arms and ammunition covered by the above-mentioned items from any source during the licensing period July-December 1950.

2. This decision, however, does not apply to the import of the above goods from Czechoslovakia. The manner in which imports of these goods will be made under the Indo-Czechoslovak Trade Agreement is under separate consideration and a separate announcement will be made in due course in that behalf. Meanwhile, no application should be submitted for licences to import the above goods from Czechoslovakia.

**SUBJECT.**—*Licensing of chemicals falling under S. No. 110 of Part IV (other than pharmaceutical chemicals) and those falling under S. Nos. 21, 22, 23, 24, 26, 27, 28, 29, 30 and 31 of Part V for July-December 1950 and January-June 1951.*

**No. 30/ITO(P.N.)/50.**—The attention of importers is invited to the remarks in col. 25 of Appendix 'B' to Public Notice No. 14-I.T.C. (P.N.)/50 dated the 15th June 1950 against S. Nos. 21 to 24 and 26 to 31, of Part V of the I.T.C. Schedule. This Public Notice contains the principles upon which chemicals will be licensed for the period July-December 1950. All chemicals licensable in accordance with the terms of this Public Notice have been included in the Long Term Licensing Scheme, and advance licences for the period January-June 1951 will be also issuable on the same principles as are herein laid down in respect of July-December 1950.

2. *Dollar Area.*—Except as provided for in the preamble to list (1) included in Appendix R to Public Notice No. 14-ITC(PN)/50 dated 15-6-1950, licences for imports from the Dollar Area will be confined to the chemicals enumerated

in that list. Since the list was sent to Press, however, it has been decided that licences for the following items:—

8. Cadmium Sulphide,
9. Calcium Carbide,
18. Phenol.

will not ordinarily be issued for the Dollar Area.

3. It has been decided that the import licensing of the chemicals included in List A attached to this Public Notice from the Dollar Area shall be carried out on an individual basis as if each such article were to fall under a separate item of the Import Trade Control Schedule. The number of months' requirements licensable in favour of actual users, and the quota percentages fixed in respect of established importers have been indicated in the List. The quotas allotted to established importers will be calculated on the basis generally adopted for the calculation of quotas in Public Notice No. 14-ITC(PN)/50 dated 15-5-50. In the case of each item included under a separate serial number in List A, past imports of that item alone will be taken into account in calculating the quotas, and the licences issued against the quotas thus calculated will be valid for the import of that item alone. In establishing past imports of goods falling under any particular serial number in List A, relevant invoices should be submitted together with the Bills of Entry, if the Bills of Entry themselves do not show the name of the particular chemical concerned. The basic year chosen by an established importer must be same year in respect of each serial number included in List A. It will not be possible to take different basic years into account for different serial numbers.

4. In addition to the above, licences will issue under a general quota to established importers of chemicals from the Dollar Area. In calculating this quota, past imports of all chemicals falling under the serial numbers of the ITC Schedule mentioned in paragraph 1 above will be taken into account with the following exceptions:—

- (a) Caustic Soda.
- (b) Soda Ash.
- (c) Chemicals included in List A attached to this Public Notice.

The relevant quota percentage will be 10 per cent. or half of best year's imports. Licences issued under this quota will be valid to cover imports of all or any of the chemicals included in List (1) contained in Appendix R attached to Public Notice No. 14-ITC(PN)/50 dated 15-6-1950, as modified in paragraph 2 above. The basic year chosen by an applicant in respect of the general quota must be same as that chosen by him in respect of List A goods for purposes of the previous paragraph.

5. *Switzerland*.—Except as provided for in the preamble to list (1) included in Appendix R to Public Notice No. 14-ITC(PN)/50 dated 15-6-50, licences for imports from Switzerland will be confined to —

- (a) Chemicals included in that list.
- (b) Hydrogen Peroxide, and
- (c) Nitrate of Ammonia.

6. Applications by actual users for import licences for the above chemicals from Switzerland will be considered on an *ad hoc* basis.

7. Licences for the import of the above chemicals from Switzerland will also be issued to established importers. For this purpose each of the items separately listed in List (1) contained in Appendix R to Public Notice

No. 14-ITC(PN)/50 will be treated as though it fell under a separate item of the Import Trade Control Schedule. Hydrogen Peroxide and Nitrate of Ammonia will be similarly treated as separate items. Quotas for each of the chemicals concerned will be calculated on the basis of 66½ per cent. of half of best year's imports. The quotas for each item will be calculated on the basis of past import of that item alone, and licences issued under these quotas will be valid for imports of that item alone. Each applicant must however choose the same basic year in respect of each of the quotas for the import of chemicals from Switzerland.

8 If any chemical other than Caustic Soda, Soda Ash, or those ordinarily licensable from Switzerland as indicated in paragraph 5 above, has been imported from Switzerland in the past, and is desired to be imported now, the question of allowing its import will be considered *ad hoc* provided there is a balance available there for in the figure for the import of chemicals included in the Indo-Swiss Trade Agreement.

9 *Western Germany*.—Licences for the import from Western Germany of the chemicals included in List (I) contained in Appendix 'R' attached to Public Notice No. 14-ITC(PN)/50 dated 15-6-50 will be issued on the same basis, *mutatis mutandis* as is laid down for imports of the same articles from Switzerland in paragraphs 6 and 7 above, except that—

(a) licences will not issue for Hydrogen Peroxide or Nitrate of Ammonia, and,

(b) the quota percentage applicable in the case of established importers will be 100 per cent. instead of 66½ per cent.

10. *Soft Currency Area*.—In the case of the soft currency area, licences will issue for all chemicals falling under the serial numbers of the I.T.C. Schedule mentioned in paragraph 1 above with the exception of those included in List (II) contained in Appendix R attached to Public Notice No. 14-ITC(PN)/50 dated 15-6-50.

11 In the case of the chemicals included in List B attached to this Public Notice, licensing for imports from the Soft Currency Area will be carried out on an individual basis that is, *mutatis mutandis* on the same basis as is laid down in paragraph 3 above for imports of goods included in List A from the Dollar Area. The number of months' requirements licensable to actual users, and the quota percentage fixed for established importers, are shown against the chemicals concerned in List B. Only one basic year may be chosen by each applicant in respect of all the items separately enumerated in List B.

12 In addition to the above, licences will issue under a general quota to established importers of chemicals from the Soft Currency Area. In calculating this quota, past imports of all chemicals falling under the serial number of the I.T.C. Schedule mentioned in paragraph 1 above will be taken into account with the following exceptions:—

(a) Caustic Soda.

(b) Soda Ash.

(c) Chemicals included in List B attached to this Public Notice

The relevant quota percentage will be 20 per cent. of half of best year's imports. Licences issued under this quota will be valid to cover imports of all or any of the chemicals falling under the serial numbers of the Import Trade Control Schedule mentioned in paragraph 1 above with the following exceptions:—

(a) Caustic Soda.

(b) Soda Ash.

- (c) Sodium Sulphide
- (d) Stearic Acid.
- (e) Potassium Chloride.
- (f) Liquid Gold.
- (g) Copper Sulphate.
- (h) Chemicals included in List (II) contained in Appendix R attached to Public Notice No 14-ITC(PN)/50 dated 15-6-50.

The basic year chosen by any applicant in respect of the general quota must be identical with that chosen by him for List B goods for purposes of the previous paragraph.

13. Licences will also be issued to actual users for imports from the Soft Currency Area of six months' requirements of all chemicals falling under the serial numbers of the I.T.C. Schedule mentioned in paragraph 1 above with the following exceptions:—

- (a) Caustic Soda.
- (b) Soda Ash.
- (c) Chemicals included in List B attached to this Public Notice (the extent to which these chemicals will be licensed to actual users is indicated in List B itself).
- (d) Chemicals included in List (II) contained in Appendix R attached to Public Notice No. 14-ITC(PN)/50 dated 15-6-50.

14. Established importers applying for quota licences under the terms of this Public Notice should address their applications to the Import Trade Controllers at the ports. Actual users those applying under paragraph 8 above and established importers applying in cases where licences are to be issued to them *ad hoc*, should submit applications to the Chief Controller of Imports, New Delhi. No licence will be issued to newcomers.

15. *Caustic Soda and Soda Ash*—A separate Public Notice will issue concerning the licensing of Caustic Soda and Soda Ash.

LIST A  
DOLLAR AREA

S. No.	Name of Chemical	Actual Users	Established Importers	Remarks

SUBJECT:—*Principles governing issue of import licences during July-December 1950—Licensing of imports of electrical instruments, apparatus and appliances not otherwise specified, falling under S. No. 78 of Part V of the I.T.C. Schedule.*

**No. 31/ITO PN/50.**—Attention is invited to Public Notice No. 14-ITC-(P.N.)/50 dated the 15th June, 1950 issued by the Government of India, Ministry of Commerce, in the Gazette of India Extraordinary dated the 15th June, 1950 regarding the principles governing the issue of import licences for

July/December 1950. In the remarks column against S. No. 78 of Part V of the I.T.O. Schedule *vide* Appendix "B" to that Public Notice, it is stated that "No licences will be granted for unessential domestic appliances like Electric Kettles, Electric Irons and Electric Stoves". After further consideration it has been decided to substitute those remarks by the following.—

"(a) No licences will be granted for imports from any source for any of the following items:—

- (i) Hair Dryers
- (ii) Neon-sign Transformers.
- (iii) Desk Lamps.
- (iv) Electric Guitars

(b) No licences will be granted for imports from Dollar and Hard Currency areas for any of the items which are detailed below —

(1) The following electrical domestic appliances:—

- (i) Electric cooking devices such as, hot plates, stoves, cookers, boiling ranges, toasters, kettles, coffee-percolators, electric saucepans, warming plates, cooking ovens.
- (ii) Electric water heaters and boilers and immersion rods.
- (iii) Electric room heaters or fires, and electric elements therefor.
- (iv) Electric sterilizers.
- (v) Electric irons.

(2) Fluorescent starters and sockets.

(3) Battery chargers.

(4) Wire Recorders.

(5) Disc Recorders.

(6) Drawbar dynamometer.

(7) Hydraulic Dynamometer.

(8) Worm reducers -required for motor drive arrangement.

(9) Special Portable 2 KW Galvanised Steel Heat Unit

(10) Road Traffic Signalling apparatus.

(11) Electric Clocks.

(12) Wireless transmitters and parts.

(13) Magnetic tape recorder.

(14) Cathode Ray Oscillograph.

(15) Electric Watch Cleaning Machine & Spares.

(16) Archlight continuous photo copying machine.

(17) Electric Meatcutter.

(18) Electric vulcaniser.

(19) Rotary power factor meter.

(20) Cable testing equipment

(21) Phase shifter.

SUBJECT:—*Applications made for Import Licences to Import Trade Controllers for July-December 1950, and for advance licences for January-June 1951.*

**No. 32/ITC(PN)/50.**—In order to ensure that the changes in the identity of licensing authorities incorporated in Public Notice No. 14-ITC(PN)/50 dated 15th June 1950, are fully understood and that applications are not addressed to the wrong authorities, the following points are specifically brought to the notice of intending applicants:—

- (a) Applications for Part IV goods should be addressed to the Import Trade Controllers at the ports in respect of all licensable items not included in Appendix F to the above Public Notice.
- (b) In the case of items included in Appendix F, applications should be addressed to the Import Trade Controllers at the ports where the letter "P" is included in the table given in the Appendix.
- (c) Where applications are to be addressed to the Import Trade Controllers at the ports, established importers should apply at that port, or at those ports, at which previous imports were made by them.
- (d) Where applications are to be addressed to the Import Trade Controllers at the Ports, actual users should apply at the port indicated in Appendix Q to the above Public Notice, according to the location of the factory concerned.

**No. 33-ITC(P.N.)/50.**—Since Public Notice No. 14-ITC(P.N.)/50 relating to the principles governing the issue of import licences for July-December 1950, and the issue of advance import licences for January-June 1950, was sent to the Press for publication, it has been decided to license certain imports from Switzerland for the period July-December 1950 on a larger scale than has been indicated in that Public Notice.

As a consequence, the quota percentages laid down in column 16 of Appendix "B" to that Public Notice will be doubled, and licences will issue accordingly to established importers from Switzerland at double the rates shown in that column.

No change has been made in the principles governing the issue of licences for imports from Switzerland to any other class of importer.

#### IMPORT TRADE CONTROL

*New Delhi, the 14th June 1950*

SUBJECT:—*Principles governing the issue of Import Licences for Non-Ferrous Metals during the period July-December 1950 and also governing the disposal of pending applications for the period January-June 1950.*

**No. 34/ITO/PN/50.**—With reference to paragraph 1 of the Commerce Ministry's Public Notice No. 14-ITC(PN)/50, published in the Gazette of India Extraordinary, dated the 15th June, 1950, the following decisions made by the Government of India governing the issue of import licences for Non-Ferrous Metals for the licensing period July-December 1950 are published for general information.

2. Appended to this Public Notice is a Statement which shows in a tabular form the licensing policy which will be followed in respect of imports of Non-Ferrous Metals from different licensing areas except Japan which will be the subject of a separate Public Notice to be issued shortly. Importers are advised

to study the statement carefully and avoid making applications for import licences for articles which will not be licensed. Where the table shows that licences will be issued freely, applications will be entertained from all classes of applicants, established importers, actual users and newcomers. With regard to the latter class of applicants, however, licences though granted freely will not exceed Rs. 99,999 in value.

3. The procedure for applying for import licences laid down in the Commerce Ministry's Public Notice No. 14-ITC(PN)/50, dated the 15th June, 1950 regarding form of application, Income Tax Verification Certificate, payment of fees described under paragraphs 19, 20, 21, 24 and 26 and the instructions contained in Sections II—"Established importers", III—"Actual users" and IV—"Newcomers" will apply *mutatis mutandis* to the import of Non Ferrous Metals, except as follows:—

(i) Applications for import licences for Non-Ferrous Metals should be clearly marked and addressed as under:—

"The Chief Controller of Imports

(Metals Group)

'M' Block, Post Box No. 383,

New De'hi."

All subsequent correspondence on the subject should also be addressed as indicated above so as to ensure prompt attention.

(ii) The import licences for the import of Non-Ferrous Metals will be issued on a Provincial Basis in the first instance. On the basis of these Provisional Licences, orders can be placed and importers will be able to open Letters of Credit in favour of their foreign suppliers, but they will not be valid for clearance of the goods from the Customs unless they are confirmed. These licences will be confirmed by the office of the Chief Controller of Imports on the importers producing, along with the licence, copies of the orders placed and the original acceptance of the orders by the Suppliers.

(iii) All licences issued for Non-Ferrous Metals will be valid for shipments within a period of 6 months from the date of issue of the licence. This period of validity licence will also be specified on each licence. It should be particularly noted that no revalidation of the period of validity of such licences will be allowed.

(iv) No last date is prescribed for the receipt of applications for licences for Non Ferrous Metals. Applications received at any time upto the announcement of the licensing policy for these goods for the next licensing period will be taken into consideration. Thereafter, applications will be considered in the light of the new policy then announced.

4. It has also been decided that except in respect of pending applications for imports from Japan and for imports of Aluminium foils from Switzerland falling under item 12(ii) of the Import Trade Control Schedule, all applications for Non-Ferrous Metals for the period January-June 1950 at present lying pending in the office of the Chief Controller of Imports will be dealt with on the principles laid down in this Public Notice and not on the principles previously laid down in that behalf.

## STATEMENT

S. No. of ITC Schedule	Description	ITC Item No.	Dollar Area	Belgium and her possessions	Western Germany	Switzerland	Other Currency Countries	Remarks
1	2	3	4	5	6	7	8	9
PART I								
41	(i) Copper Wrought including the following, <i>viz.</i> , rod, section, strip, tape foil, pipes and sheets cut to size, tubes, rods, and pipes cut to shape and size.	64, 72(2) & 72(3)	Nil	Nil	Nil	Nil	Freely 'A' & 'B'	'A'—Licences will be granted freely for Copper Sheets and strips (excluding sheets and circles for utensil manufacture), Copper Tubes, Rods, Shapes etc. of special quality, sizes or gauges not generally manufactured in India.  'B'—Although Copper Sheets and Circles for the manufacture of utensils are not to be ordinarily licensed, applications for the import of the same for any special purpose may be made to the C. C. I., New Delhi for consideration giving full reasons for special consideration.
	(ii) Copper Refrigeration Tubes, highly polished Copper Sheets specially prepared for making process blocks, lithographic sheets and Copper Perforated sheets.	64, 72(2) & 72(3)	Freely	Freely	Nil	Nil	Freely	
42	Copper Scrap whether ingotted or otherwise	64 (1)	Freely	Freely	Nil	Nil	Freely	

1	2	3	4	5	6	7	8	9
43	(i) Lead Wrought including the following, viz. foil wire and sheets above 3" wide including sheet for tea chest.	67 & 67 (1)	Nil	Nil	Nil	Nil	Freely	
	(ii) Lead pipes and tubes, lead sheets below 3" wide.	67 & 67 (1)	Nil	Nil	Nil	Nil	Nil 'C'	'C'—Although Lead Pipes and Tube and Sheets below 3" wide are not ordinarily to be licensed applications for the import of the same for any special purpose may be made to the C. C. I., New Delhi for consideration giving full reasons for special consideration.
43-A	Lead ingot pig	70 (1)	Freely	Freely	Nil	Nil	Freely	
43-B	Antimonial lead in the ingot and rod form including the following, viz., pipes, tubes and sheets.	70(1)	Nil	Nil	Nil	Nil	Freely	
44(i)	Zinc or Spelter unwrought including zinc dross dust, ashes and zinc in the form of ingots, cake, tile, slab, plate and granulations including all forms of zinc scrap, highly polished sheets specially prepared for making process blocks, lithographic sheets and perforated zinc sheets cut to size and zinc sheets and strips.	68, 68 (1), 72(2), 72(3).	Freely	Freely	Nil	Nil	Freely	
(ii)	Zinc wrought including wire, rods, sections.	do.	Nil	Nil	Nil	Nil	Freely	

45	Tin Llock . . . . .	69	Nil	Nil	Nil	Nil	Freely	
45-A	Tin wrought including the following, viz., foil and wire.	70 (1)	Nil	Nil	Nil	Nil	Freely	
45-B†	White Metal antifriction metal, Solders (including cored) and printing metals.	70(1)	Nil	Nil	Nil	Nil	Nil 'D'	'D'—Although Antifriction Metals, Type Metal solder Alloys and White Metal Alloys are not to be ordinarily licensed, applications for the import of the same for any special purpose may be made to the C. C. I., New Delhi for consideration giving full reasons for special consideration. †
46	(i) Brass, bronze and similar alloys wrought including the following, viz., wire, rod, section, sheet, pipe tube, unwrought and in the form of ingot and scrap whether ingotted or otherwise and the following manufactures viz., sheet cut to size and pipe, rod and tube cut to shape and size but excluding chemical or imitation gold and also excluding brass scrap.	70 & 72(3)	Nil	Nil	Nil	Nil	Freely 'E' & 'F'	'E'—Licences will be granted freely for import of brass sheets and strips other than sheets and circles for utensil manufacture, brass, tubes, rods, shapes etc. of special quality, size or gauges (not generally manufactured in India). 'F'—Although Brass Sheets and Circles for the manufacture of utensils are not to be ordinarily licensed, applications for the import of the same for any special purpose may be made to the C.C.I., New Delhi for consideration giving full reasons for special consideration.
46	(ii) Brass Scrap and perforated sheets.	70 & 72(3)	Freely	Freely	Nil	Nil	Freely	
47	Copper unwrought in the form of ingot or slab other than ingotted scrap.	70(1)	Freely	Freely	Nil	Nil	Freely	
47-A	Antimony ingot regular and star metal.	70(1)	Nil	Nil	Nil	Nil	Nil	

1	2	3	4	5	6	7	8	9
48	Nickel including metal scrap in all forms excluding manufactures thereof.	70(1)	Freely	Freely	Nil	Nil	Freely
